It shall be unlawful to sell, convey, alienate, transfer or lease any part of the water front, tide-lands, submerged lands, or other real property or appurtenances thereunto belonging, owned or held by the city of Los Angeles, or by any borough therein, for any public use, unless thereunto authorized by two-thirds of the qualified voters of the city voting at a general or special election at which such proposition shall have been submitted: *provided*, that whenever the city of Los Angeles shall have acquired the absolute title and possession to more than ten thousand consecutive feet (linear measurement) of water frontage and the co-terminus and adjacent tide and submerged land upon the water front, as fixed by the government harbor lines of the navigable waters of the outer or inner bay of San Pedro, not including frontage upon any island nor frontage held by any borough, nor any frontage created by construction of channels by any person or corporation other than the United States, the city of Los Angeles may lease, by ordinance, from the water frontage in excess of said ten thousand feet so owned by said city, for periods of not exceeding fifteen years, alternate frontages upon such outer or inner bay where it so owns such water frontage, as the case may be, not exceeding one thousand linear feet in a continuous body, together with the adjacent and co-terminus tide-land, to any person or corporation, and said ten thousand feet of water frontage and each alternate thousand feet of such excess water frontage, together with the adjacent and co-terminus tide and submerged land, shall be reserved for public uses as aforesaid. Each such lease shall contain a condition that in case such lease or property, or any part thereof, embraced therein, shall be transferred or subleased, or the control thereof given or granted to any person or corporation so that such person or corporation shall then own, hold or control more than two (2) thousand feet of said water front, upon any part of the outer or inner bay of San Pedro, then such lease, and all rights thereunder shall thereupon be absolutely terminated. Every such lease granted or made hereunder, shall be subject to all rights of way over the tide and submerged land embraced therein for highways, streets, railways, and street and other railroads, as may from time to time be determined by the city council.

In any case, where the city of Los Angeles or its predecessors in interest or authority shall have executed any lease or grant, or any document purporting to be such, to any person or corporation, the water front, tide-lands, and submerged lands covered thereby, shall not be deemed to be subject to be again leased or granted by the city of Los Angeles under this section until such lease or grant shall have been cancelled or otherwise terminated, and until the city of Los Angeles shall have regained peaceable possession of such property.

Sec. 262. It shall be in the power of the council, by ordinance, at any time to require the city treasurer to devote his entire time to the duties of his office.

That Section 46 of the charter be amended to read as follows:

#### CITY ASSESSOR

Sec. 46. It shall be the duty of the city assessor, in addition to any duty that may be elsewhere prescribed for him by this charter or by ordinance, to make out, within such a time as may be prescribed by ordinance of said city, either now in force or which may hereafter be passed in pursuance hereof, a full, true and correct list of all the property, both real and personal, taxable by law, within the limits of said city, with the valuation thereof, and assess the same to the persons by whom it was owned or claimed, or in whose possession or control it was, at 12 o'clock meridian on the first Monday of March next preceding.

Each taxpayer in said city shall make and deliver to the city assessor annually, and at such time as shall be provided for by ordinance, a statement under oath setting forth specifically all the real and personal property owned by such taxpayer, or in his possession or under his control at 12 o'clock meridian on the first Monday of March next preceding.

It shall be the duty of the assessor to collect the taxes on all personal property, when the owner of said property is not seized of real estate in said city sufficient to afford ample security for the collection of said taxes.

In all such cases he shall be governed in fixing the amount of the tax by the rate of the tax levy for the preceding year.

Immediately after fixing the assessment on such property he shall serve on its owner or owners a notice in writing, which shall specify the assessed valuation of the property, the rate per cent and the amount of tax payable, and contain a demand for the payment of said tax within three days after service of said notice. Said notice shall be served personally, or by leaving a copy of the same at the last known place of residence of the person whose property is so assessed.

Upon the expiration of said three days after such service, if the tax demanded still remains unpaid or payment thereof be not secured to the satisfaction of the city

attorney and city assessor, the assessor shall forthwith proceed to collect the same by seizure and sale of any personal property owned by the delinquent.

The said sale shall be made by him in the manner provided in Sections 3791, 3792, 3793, 3794, 3795 and 3796 of the Political Code of the State of California, *provided*, that the newspaper referred to in Section 3792 shall be published in the city, and shall be designated by the council.

As soon as the rate is fixed for the year in which such collection is made, if it be found that a sum in excess of said rate has been collected, the excess must be repaid in the same manner as other demands against the city are paid, to the person from whom the collection was made, or to his assigns. And if a sum less than the rate fixed has been collected, the deficiency must be collected as other taxes on personal property are collected.

Should the board of equalization reduce the valuation for the same year of the property so assessed, the sum collected in excess of said reduced valuation must be repaid in like manner, to the person from whom the collection was made, or to his assigns. And if the valuation of said property should be increased by said board, then the deficiency must be collected as other taxes on personal property are collected.

The assessor shall carefully note upon his assessment list, and also in a book to be kept by him for the purpose, all collections made by him under this section, and shall turn over to the city treasurer all money received immediately upon its receipt.

In case the said assessor shall fail to demand, and through his fault to collect, any and all taxes which by this section he is directed to collect, he shall be and become personally liable to the city for the amount of said delinquent taxes, with interest from the date of their assessment, and the council is authorized and directed to cause proper action or actions at law to be brought against said assessor and the sureties on his official bond to recover the same.

The mode of making out assessment lists, of ascertaining the value of property and of equalizing the same shall be such as is now, or may hereafter be, prescribed by the ordinances of the city.

When such list has been made out and the same returned to the council, as prescribed by such ordinances, the council shall, at the time and in the manner in such ordinance provided, sit and act as a board of equalization, and shall have, as regards the equalization of said list, powers similar to those conferred by law upon the board of supervisors of Los Angeles County, as a board of equalization of state and county taxes.

The meetings of said board of equalization shall be public, and notice of such meetings shall be given by publication at such time and in such manner as shall be provided by ordinance. The said board shall have the power, in its discretion, to increase or diminish the amount of any or all of the assessments on said lists, both as to real and personal property; *provided*, that before any such assessments shall be increased, due notice shall be given to the owner or owners of the property the assessed value of which is sought to be increased, and such owner or owners shall have the opportunity to be heard before the board, under oath, such notice to be regulated in all respects by ordinance.

After such list has been equalized, it shall be returned to the council, which shall forthwith fix the levy or rate per cent of taxes levied for all municipal purposes for that fiscal year.

Every tax so levied shall have the force and effect of a judgment against the person and property taxed, and shall be and constitute a lien upon the real property situated in said city so assessed or owned by the party against whom such assessment is made.

Every such assessment and the lien thereof shall have the force and effect of an execution duly levied upon all property owned by the party assessed, or by the unknown owner of such property when assessed to an unknown owner. The judgment is not satisfied nor discharged until the tax assessed against the property and the owners is paid, or the property sold for the payment thereof.

The said corporation shall have such other rights, claims and liens for the amount of such municipal taxes as may now or hereafter be given to or exercised by the people of the State of California for and on account of the assessment of state and county taxes levied in Los Angeles County.

The mode and manner of collecting such municipal taxes, and enforcing such tax lien, and the proceedings thereafter, shall substantially be the same as the mode and manner at the time prescribed by law for the collection of state and county taxes in said county; *provided, however*, that the council may, by ordinance, have the power to regulate the time or times of the collection of said taxes within each fiscal year, and prescribe by what officers the respective duties appertaining to such collection and enforcement shall be performed. All such proceedings, sales, certificates and conveyances had, made and executed by them in pursuance thereof, shall be of like force, effect and validity as is or may hereafter be given by law to like proceedings and acts in the matter of the collections of state and county taxes in said county.

That Section 205 of the charter be amended to read as follows:

Sec. 205. The registers used at any election held in pursuance of this charter shall be registers used at the last preceding general state election in the precincts

in which such municipal election is held, together with supplemental registers showing all additional registrations, transfers, and changes, since the closing of registration for such general state election. It shall be the duty of the county clerk of the county of Los Angeles to furnish such registers, together with such supplemental registers, showing all additional registrations, transfers and changes since the closing of registration for the last preceding general state election, with proper indices thereto, to the city clerk of said city at least five days before the holding of such municipal election.

MR. SPEAKER: Your Committee on Ways and Means, to whom was referred Assembly Bill No. 1052—An Act appropriating three hundred dollars and thirty-three cents to pay the claim of Anthony Lorr—return the same, accompanied by the statement from the Controller's office, setting forth the fact that the claim embodied in Assembly Bill No. 1052 had been previously paid by the State, that the aforesaid mentioned statement from the State Controller be printed in the Journal, and that the author of Assembly Bill No. 1052 be requested to withdraw the bill.

BEARDSLEE, Chairman.

DATA FURNISHED BY ADJUTANT GENERAL'S OFFICE RELATIVE TO CLAIM OF ANTHONY LORR FOR AMOUNTS ALLEGED TO BE DUE HIM FROM THE SOLDIERS' RELIEF AND BOUNTY FUNDS BY REASON OF SERVICE IN COMPANY E, FIRST INFANTRY, AND COMPANY A, FIRST VETERAN INFANTRY CALIFORNIA VOLUNTEERS' CIVIL WAR

Records show the following:

Anthony Lorr enlisted at Sacramento, Cal. as a private in Company 'E, First Infantry, California Volunteers, War of Rebellion, and was mustered in to the service on August 26, 1861, that he reenlisted as a veteran volunteer at Fort Craig, New Mexico, January 20, 1864, in Company A, First Veteran Infantry, California Volunteers; and that he was honorably discharged, by reason of muster-out of company, September 9, 1866.

Two claims and powers of attorney combined appear to have been filed with the State Controller, after passing through the hands of the board of auditors on bounty and relief claims (of which the Adjutant General was secretary), as follows: The first executed by Anthony Lorr in favor of one William T. Coleman, of San Francisco, on September 7, 1864, and witnessed by Thomas L. Roberts, Captain Company E, First Infantry, California Volunteers, and William V. B. Wardwell, for the amount due said Lorr as a private in Company E, First Infantry, California Volunteers, under an Act entitled "An Act for the relief of the enlisted men of the California Volunteers, in the service of the United States," approved April 27, 1863, and supplemental Act, approved March 15, 1864. The amount appearing upon the briefing fold of this claim (in pencil) is \$145 50, the correctness of which can be ascertained by the records in the State Controller's office.

The second claim, etc., executed by the said Anthony Lorr on September 10, 1866, in favor of one John H. Steele, for the amount due him by reason of service in Company A, First Veteran Infantry, California Volunteers (\$159 83), under the Acts of the Legislature above mentioned.

According to the records of the Controller's office both of the above claims seem to have been allowed and paid to the respective attorneys in fact named in the instruments. There would, therefore, appear to be nothing further due on this account from the State.

CONTROLLER'S OFFICE }  
SACRAMENTO, March 2, 1909. }

The above statement agrees in all particulars with the data on record in this office.

(Signed) A. B. NYE, State Controller.

## MESSAGES FROM THE GOVERNOR.

On motion of Mr. Johnson of Sacramento the following messages from the Governor were taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, March 2, 1909.

*To the Assembly of the State of California:*

In compliance with the provisions of Section 6 of the San Francisco Depot Act, approved March 17, 1891, I have the honor to present herewith a certified copy of the report to me by the State Treasurer and an abstract of all his proceedings under said Act

J. N. GILLETT, Governor.

## REPORT OF PROCEEDINGS UNDER THE SAN FRANCISCO DEPOT ACT.

*To His Excellency JAMES N. GILLETT, Governor of California.*

In accordance with the provisions of Section 6, Chapter III, Statutes 1891, I herewith submit a report of the proceedings thereunder for the year beginning January 1, 1907, and ending December 31, 1907, and also a report for the year beginning January 1, 1908, and ending December 31, 1908.

As will be seen by said report for the year 1907, the sum of \$70,000.00 was received from the redemption of United States bonds which matured that year, and which money, together with other accumulations in the sinking fund, was invested in United States registered 4% bonds of 1895-1925.

By reference to the statement showing the condition of the San Francisco depot sinking fund, it will be shown that the present value of said fund is \$588,933.37, figuring the value of the U. S. registered 4% bonds, in which said fund is invested, at a value of 120 1/4%. This shows that the value of the fund is \$86,412.37 in excess of the transfers for the repayment of the principal, as provided in said Act, the present value of the fund being within less than \$12,000.00 of the full amount necessary to retire all of the bonds outstanding, amounting to \$600,000. It will be seen by this that at the time the depot bonds mature (January 1, 1912) there will be a considerable sum for repayment to the San Francisco harbor improvement fund.

Respectfully submitted.

(Signed)

W. R. WILLIAMS, State Treasurer.

Dated Sacramento, California, January 2, 1909.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, March 2, 1909.

To the Assembly of the State of California:

In compliance with the provisions of Section 6 of the San Francisco Seawall Act, approved March 20, 1903, I have the honor to present to the Assembly a certified copy of the report made to me by the State Controller and State Treasurer, and an abstract of all their proceedings under said Act

J. N. GILLETT, Governor.

## REPORT OF PROCEEDINGS UNDER THE SAN FRANCISCO SEAWALL ACT.

To His Excellency JAMES N. GILLET, Governor of California:

In accordance with the provisions of Section 6, Chapter 211, Statutes 1903, we herewith submit a report of the proceedings thereunder for the year beginning January 1, 1907, and ending December 31, 1907, and also a report for the year beginning January 1, 1908, and ending December 31, 1908.

Up to the first of January, 1907, \$250,000 of seawall bonds had been sold, and no further sales were made during the year 1907, but on July 2, 1908, \$500,000 of the bonds were sold to the State of Nebraska, at par, and in accordance with your proclamation, dated November 20, 1908, notice of sale of an additional \$500,000 on January 2, 1909, is now being published.

By reference to the statement showing the condition of the San Francisco seawall sinking fund, it will be seen that the present value of the fund, figuring the municipal bonds in which the accumulations have been invested on a basis to earn 4¼% interest, is \$53,568 28, being a profit of \$1,574 87 over and above the value of the transfers as provided in said Act. As the first investment for the benefit of this fund was made on October 25, 1907, the fund is in a very satisfactory condition

Respectfully submitted.

(Signed:) A. B. NYE,  
State Controller.

(Signed) W. R. WILLIAMS,  
State Treasurer

Dated Sacramento, California, January 2, 1909

The following petition was presented:  
By Mr. Cattell:

PASADENA, CAL., February 11, 1909

To the Honorable H. G. CATTELL, Sacramento, Cal

We, the undersigned, members of The Modern Woodmen of America, have been informed that there is to be an effort made by certain persons and associations interested in life insurance to secure from the legislatures of the various states certain enactments in a so-called "uniform bill", or, in other words, a minimum rate bill, which shall have the effect of requiring all fraternal insurance orders to fix their rates at not less than the rate thus sought to be established, regardless of any question as to whether or not any such association is able safely to fix a lower rate for such insurance.

We believe that such legislation would be unjust in the extreme; that there is no more reason for attempting to regulate the price to be charged for life insurance than there is to regulate the price of any other commodity that may be offered for sale; that the law of supply and demand, the circumstances of each society, and its facilities for supplying this demand are not subject to legislative control, but are very great factors in determining the question of the rates to be charged for life insurance, that the laws already in force in this State regarding fraternal insurance societies are ample for the protection of all patrons of all such societies, and that the matter of rate regulation is one that should be left to the wise discretion of each society itself.

Such a measure would afford no particular protection to parties seeking insurance, but would eliminate from competition those societies whose management is conducted with such fairness and economy as to enable them to offer life insurance at lower rates than certain other companies or societies, whose management is neither economical nor commendable, can, under the circumstances afford to accept, and would destroy all incentive for such societies to conduct their affairs with strict economy.

We feel that we are fully entitled to the benefit of the lowest rate that the efficient, safe and economical management of our head officers is able to procure for us

We earnestly request you to use your very best endeavors towards preventing the enactment of any such legislation in this State.

S. B. BEERS (and others).

#### PETITION.

The following petition was presented:

By Mr. Johnson of Placer:

*To the Senate and Assembly of the State of California*

The board of supervisors of the county of El Dorado respectfully petitions your honorable bodies, and represents as follows:

That the State of California now owns the highway known as the "Lake Tahoe Wagon Road," commencing at a point about three miles easterly of the city of Placerville, in El Dorado County, and running thence easterly to the eastern boundary of California at Lake Tahoe, a distance of about fifty-eight miles; that said road is an important highway, not only because it traverses a country of great scenic beauty and grandeur, but it is also a direct route from the Capitol of this State and the Sacramento and San Joaquin valleys to the southern Nevada mines and other portions of the State of Nevada, and the travel by teams and automobiles is very extensive and is increasing each year, that a model road is now in course of construction, and nearing completion, from the city of Sacramento to the town of Folsom; that to accommodate the said travel, and to provide better facilities therefor, the said state highway ought to be extended from its present western terminus to said town of Folsom, that such extension is of State importance, and is a matter of urgency, that bills providing for the construction of such extension of said state highway have been introduced and are now pending before you

The said board of supervisors therefore respectfully asks your favorable consideration of said bills, and that you provide for the construction of said proposed extension of said state highway.

STATE OF CALIFORNIA, }  
County of El Dorado } ss.

I, Ted C. Atwood, county clerk and ex officio clerk of the Superior Court, in and for the county of El Dorado, State of California, do hereby certify that I have compared the foregoing copy of minutes, board of supervisors of El Dorado County, California, with the original of the same in my office, and that the same is a correct transcript therefrom and of the whole of said original as the same appears on file now in my office.

In witness whereof, I have hereunto set my hand and affixed the seal of the superior court aforesaid, this fourth day of March, A. D. 1909.

SACRAMENTO, CAL., March 8, 1909.

*To the Hon. Speaker of the Assembly of California.*

DEAR SIR: As an official representative of a legal political party, representing 29,000 citizens and voters of this State, I hereby petition your honorable body, the Assembly, for the use of the Assembly Chamber Tuesday evening, March 9th, from eight o'clock

to ten o'clock p. m., my object being to deliver an address, reviewing the objections of those I represent to the passage of the Direct Primary Law, now pending.

I have been informed by the Chairman of the Committee on Election Laws that the bill aforesaid has been reported out by the committee, and that the committee is not likely to have another meeting; therefore, I urge a consideration of my petition, in order that the Assembly and the public may have a fair statement of the objections against said primary law by such a large part of the citizenry of this State.

Yours truly,

J. B. BELAWMER,  
State Organizer of Socialist Party of California.

Petition read, and, on motion of Mr. Johnson of Sacramento, the request was granted.

By Mr. Speaker:

WHEREAS, The viticultural interests of this State rank as the fourth largest industry therein created; and

WHEREAS, Table grapes, raisins and wine can be produced as cheaply, in as large quantity, and of the best quality on lands unsuitable for any other purpose; and

WHEREAS, Large tracts of such lands, heretofore assessed at a nominal figure of \$1.25 per acre, are now planted to vines which have increased the assessed valuation from this insignificant sum to \$100.00 and more per acre, thus bringing a largely increased revenue to the State; and

WHEREAS, There are now over 250,000 acres in vines in this State, most of said acres being practically useless for other purposes; and

WHEREAS, Efforts are now being made to create a sentiment, which, if allowed to go unchecked, would result in the depreciation of the value of the properties already improved, and practically wipe out the result of years of labor and the investment of nearly \$125,000,000, and work a great injury to the people of the State of California; now, therefore, be it

*Resolved*, By this, the State Board of Agriculture, that we strongly recommend the encouragement of the viticultural industry in this State, and that we look with positive disfavor upon the enactment of any legislation, either by the Federal Government or State Legislature, or by any counties of this State, that would discourage this most important industry, which is destined, if encouraged and fostered, to be the greatest industry of the State; and further be it

*Resolved*, That the secretary of this board be instructed to transmit copies of these resolutions to the honorable, the President of the Senate of the Legislature of this State, and the honorable, the Speaker of the Assembly of the Legislature of this State, with the request that earnest consideration be given thereto by the members of the Legislature of this State.

CALIFORNIA STATE BOARD OF AGRICULTURE.

H. A. JASTRO, President.

SACRAMENTO, March 8, 1909.

*To the Assembly of the State of California.*

I have the honor to return herewith Assembly Bill No. 657 entitled "An Act to provide for the transfer from the general fund of the State treasury to the San Francisco harbor improvement fund of the sum of twenty-two thousand nine hundred and thirty-seven dollars and forty-five cents, to reimburse said San Francisco harbor improvement fund for the costs of publishing the 'Second San Francisco Seawall Act' and the 'India Basin Act,' and directing the State Comptroller and State Treasurer to make such transfer," without my approval, for the following reasons:

The bill provides that the State Comptroller and State Treasurer are hereby directed to transfer, etc. We have no officer in this State known as the "State Comptroller."

A second objection to the bill is based upon the fact that the bill provides for reimbursing the San Francisco harbor improvement fund for the costs of publication of the second San Francisco Seawall Act and the India Basin Act prior to the submission of the Acts to the people of the State of California for their ratification at the general election on November 9, 1908. The election at which such Acts were submitted was held on November 3d. The bill in its present form would be ineffective.

J. N. GILLETT, Governor

The question being put, "Shall the bill become a law notwithstanding the veto of the Governor?"

The roll was called, and the question lost by the following vote:

AYES—None.

NOES—Messrs. Barndollar, Beardslee, Beatty, Butler, Callan, Cartell, Cogswell, Collier, Cullum, Costar, Cronin, Dean, Drew, Flint, Gerdes, Gibbons, Gills, Griffiths, Hanmon, Hanlon, Hans, Hawk, Hayes, Hewitt, Hinkle, Holmquist, Irwin, Johnson of Sacramento, Johnson of Placer, Juillard, Leeds, Lightner, Macaulay, Maher, McClellan, Melrose, Mendenhall, Moore, Mott, Nelson, Odom, Otis, O'Neill, Perno, Preston, Pulcifer, Rutherford, Sackett, Schmitt, Stuckenbruck, Telfer, Transue, Wagner, Whitney, Wilson, Wyllie, Young, and Mr. Speaker—58

Strike out all after the enacting clause, and insert in lieu thereof the following:

An Act to provide for the formation, government, and control of union irrigation and reclamation districts

*The people of the State of California, represented in Senate and Assembly, do enact as follows:*

SECTION 1. Whenever one half or more of the voters residing within a proposed district of swamp, overflow, and semi-arid lands lying within this State, one third or more of which are liable to be flooded by the waters of any stream or lake, and requiring irrigation during a portion of the year, susceptible of one mode of irrigation and reclamation, desire to reclaim and irrigate the same, they may present to the board of supervisors of the county in which the lands or the greater part thereof are situated, at a regular meeting of the board, a petition setting forth that they propose to form a union irrigation and reclamation district of the same.

SEC. 2. Such petition must contain a description of the lands by legal subdivision or other boundaries, or by any subdivision shown upon a recorded map, in the county or counties in which they are situated, approximate number of acres in the proposed district, and each tract with the names (if known) of the owners thereof, and designated as unsold, any lands not reduced to private ownership.

SEC. 3. Such petition must be accompanied by the affidavit of at least three signers, showing that not less than one third of the lands are subject to overflow, and that all the lands described in the petition can either be irrigated, or reclaimed, or irrigated and reclaimed, by one mode of irrigation and reclamation.

SEC. 4. Said petition must also be accompanied by a certificate of the county clerk of the proper county, showing that the names of the signers of said petition are on the last great register of the precinct or precincts in which the proposed district is situated.

SEC. 5. Such petition must be published for four weeks next preceding the hearing thereof in some newspaper published in the proposed district, or if no newspaper is published therein, then in some newspaper, having a general circulation in said district, and an affidavit of publication must be filed with said petition.

SEC. 6. If the board of supervisors find, on hearing the petition, that its statements are correct, they must make an order approving the same. If it be shown that any land has been improperly included in, or excepted from, the proposed district, they must reform the district in such respects in their order. The order of approval must be endorsed on, or attached to, the petition, and be signed by the president and attested by the clerk of the board.

SEC. 7. After the approval of the petition by the supervisors of the county in which the greater part of the district is situated, such petition must be recorded by the county recorder of said county, in a book kept for the purpose of recording papers relative to union irrigation and reclamation districts, and a certified copy thereof forwarded to the register by said recorder.

SEC. 8. All districts organized under this Act must have a State number, and the register, upon the receipt of a copy of the petition, must number the same and send the number to the county recorder of the county from which the copy came, and the recorder must number the petition upon record in like manner, and the district must thereafter be known and designated thereby.

SEC. 9. The supervisors must thereafter, upon the application of ten qualified voters of the district, appoint three eligible freeholders, to act as directors until their successors are elected and qualified, and they must call an election in which there must be elected three freeholders who are resident voters in said district, and who shall constitute, when elected and qualified, the board of trustees of the district.

SEC. 10. Notice of the election shall be published for at least thirty days prior thereto, in a newspaper published in the district, if any newspaper is published therein, and if not, then in some newspaper having a general circulation in the district.

SEC. 11. The supervisors in each county in which said district is wholly or partially situated shall form at least one voting precinct in such district, and appoint an election board, and otherwise provide for such election in the precinct so formed.

SEC. 12. If the person so appointed fail to attend at the time and place for the election, the voters present at the time and place of opening the polls may appoint the board, or supply the place of any absent member thereof.

SEC. 13. Each member of the board must, before entering upon his duties, be sworn to a faithful performance thereof, by some officer authorized to administer oaths, or by any qualified elector.

SEC. 14. The board of trustees must canvass the votes and issue certificates of election to the persons elected, and must place the ballots when canvassed in an envelope, and forward the same to the clerk of the board of supervisors of the county in which the district was formed.

SEC. 15. Any legal qualified voter may challenge any vote, and the board of electors shall determine by oath of the parties, or otherwise, as they may think proper, whether or not the person challenged is entitled to vote, and in case of a challenge either one of the board of electors is hereby authorized to administer the oath.

SEC. 16. The polls shall be open to receive votes from 9 A. M. to 5 P. M. And the provisions of the general election laws of this State applicable to the elections provided for in this section are hereby made a part of this Act.

SEC. 17. The trustees shall hold office for six years succeeding their election, except the first board elected under the provisions of this Act shall, after election, choose by lot one of their number to hold office for a term of two years, one for a term of four years, and one for six years, or until their successors are elected and qualified.

SEC. 18. In case of a vacancy in the board of trustees, the supervisors of the county in which the district was formed shall, by appointment, fill any vacancy until the next regular election.

SEC. 19. A trustee shall be elected every two years after the first election in accordance with the provisions of this Act, to hold office for a term of six years, or until his successor is duly elected and qualified; at such election other trustees necessary to fill any vacancy in the board must be elected.

SEC. 20. Before entering upon their duties the trustees must subscribe to an oath before the county clerk of the county in which the district was formed that they will obey the Constitution of the United States, of the State of California, and the laws and statutes thereof, and will faithfully and diligently discharge the duties of their office, and protect the interest and property of the district.

SEC. 21. When a district is situated partially in different counties the trustees must forward a copy of the petition to the clerk of the board of supervisors of each of the counties in which any portion of the district may lie, and the board to which the same is forwarded must not allow another district to be formed within such district.

SEC. 22. The board of directors must keep an office at some convenient place in the district for the transaction of the business of the district, and in which must be kept the books, maps, papers, records, contracts, and all other documents or instruments pertaining to the affairs of the district; the trustees shall keep a record of all expenditures and disbursements and minutes of the meetings of the board, and the same must be open to inspection by all persons interested at all reasonable times.

SEC. 23. The trustees must adopt by-laws for the government and control of the affairs of the district. The by-laws thus adopted must be approved by the supervisors of the county or counties in which the district was situated, and thereafter filed for record with the county recorder of the county in which the district was formed, and by him recorded in the book kept by him for the purpose of recording instruments and writings relative to cienaga district.

SEC. 24. The by-laws may be amended from time to time in the same manner as the original by-laws were adopted.

SEC. 25. After the by-laws are recorded the district shall be deemed organized for all purposes, and can then sue and be sued.

SEC. 26. The board of trustees shall have power to elect one of the members president thereof; to employ an attorney, clerk, and such other help as they may require, engineers and others to survey, plan, locate, and estimate the cost of the works necessary for the reclamation and irrigation of the lands of the district; to thereafter, at any time in its discretion, modify or change such original plan or plans, to adopt new and supplemental or additional plan or plans, when, in its judgment, the same shall have become necessary.

SEC. 27. Said board shall have power to acquire, by purchase, or otherwise, necessary land, right of way, and the right to take material for construction of all works necessary for the accomplishment of this object, including drains, canals, sluices, bulkheads, water gates, levees, pipe lines, pumping plants, culverts, embankments and all other things necessary to construct, maintain, and keep in repair all work requisite and necessary to that end; and to do all other acts and things necessary or required for the reclamation and irrigation of the lands embraced in the district.

SEC. 28. Whenever in their judgment it becomes necessary the trustees may in the name of the district, or the president thereof acting in their behalf, may proceed under the provisions of Title Seven, Part Three, of the Code of Civil Procedure for the condemnation of any lands, or material needed by the district, for right of way or for other purposes pertaining to the construction, maintenance, or repair of the works of the district, whether said land or material is outside of or within the limits of the district, and the title of said land whether acquired by condemnation or otherwise, shall become vested in the district.

SEC. 29. All work necessary for the irrigation and reclamation of the lands of the district, must be executed under the direction of, and in the manner prescribed by, the board of trustees.

SEC. 30. Whenever the trustees find that the surveys of the lands within the district made by the authority of the United States Land Office are incomplete, or inaccurate, they shall cause their engineer to survey and map the boundaries of the district, and all property lines embraced therein; and after said map has been approved by the supervisors and the county surveyor of the county or counties in which said district is situated, it shall be recorded in the office of the county recorder, in the map book of said county or counties, and shall thereafter for all purposes provided by law become the official map of said district, and the lands embraced therein, subject to amendment or change, in the same manner as the original map was prepared and adopted.

SEC. 31. The trustees can, by provision of the by-laws, allow the water supplied by the district to be used for domestic power, irrigation, and other purposes; and they shall adopt rules and charges for the use and distribution of the same which will become effective when approved by the board of supervisors of the county in which the district was formed.

SEC. 32. The trustees shall draw all warrants upon the funds of the district, either in money or bonds; after the warrants are approved by the board of supervisors of the county in which the district was formed they are to be presented to the treasurer of said county, and if not paid upon presentation such endorsement must be made thereon, and they must be registered and bear interest from the date of presentation; and no warrant shall be an indebtedness against the district until it has been approved by the board of supervisors of said county.

SEC. 33. The trustees must at the end of each month pay all money received by them for the district, from the sale of water, material, or from other sources, into the treasury of the county in which the district was formed, and by the treasurer placed to the credit of the district.

SEC. 34. The several members of the board shall each be entitled to receive, for actual and necessary services performed and for expenses incurred by them, respectively, for and in the interests of the district, such compensation as the board may determine to be just and reasonable, for which warrants of the district may be drawn and paid in the same manner, and out of the same funds, as other warrants of the district; after they have been approved by the board of supervisors of the county in which the district was formed.

SEC. 35. The board of trustees must report to the board of supervisors of the county or counties in which the district is situated, such original plan or plans of the work; and every such new, supplemental, or additional plan, if any, together with the estimates of the cost of the work necessary for the reclamation and irrigation of the lands in the district, in pursuance of such plan or plans, together, also, with the estimates of the incidental expense, of superintendence, repairs, and costs of collection of assessments, and such other expense necessary to the construction of said work.

SEC. 36. The board of supervisors of the county in which the district was formed must appoint three commissioners, disinterested persons, residents of the county in which the district, or some part thereof, is situated, who must view and assess upon the property within the district, a charge proportionate to the whole expense, and to the benefits of which will result in such works, and estimated in lawful money of the United States.

SEC. 37. The commissioners must make a list of the charges assessed against each piece of taxable property in the district, and if there be any error or mistake in the description of the same or in the name of the owner, or if there is any other error or mistake in any other respect the commissioners shall amend or correct the same at any time, either before or after the list has been filed with the clerk of the board of supervisors of the county in which the district was formed.

SEC. 38. The list must contain—

1 A description of the land by legal subdivisions, or otherwise, as shown upon the official map of the district.

2 The number of acres in each tract.

3 The names of the owners of each tract, if known; and if unknown, that fact.

4 Whether or not said land can be irrigated with the works of the district as constructed, or under construction.

5 Description of all other taxable property, as shown upon the books of the assessor of the county in which the property is situated.

6 The amount charged against each piece of property so listed by the commissioners.

SEC. 39. The list so made must be filed with the clerk of the board of supervisors of the county in which the district was formed, and a copy thereof certified to by the commissioners must be filed with the clerk of the board of supervisors of any other county, in which a part of the district is situated.

SEC. 40. And a certified copy of the list must also be filed with the assessor and tax collector of each county in which the district, or a part thereof, is situated.

SEC. 41. And such lists and assessments must be made and filed as provided in this Act between the 1st day of March and the 15th day of April of each year.

SEC. 42. The commissioners so appointed shall receive their actual expenses and compensation for their work, not to exceed five dollars per day for the time necessary to complete the work, and warrants for such charges shall be drawn against the district, and paid the same as other warrants of such district.

SEC. 43. If the original assessment is insufficient to provide for the complete reclamation and irrigation of the land in the district, or if further assessments are from time to time required to provide for the protection, maintenance, and repair of the works of the district, the trustees must present to the board of supervisors of the county in which the district was formed, a statement of the supplemental or other work done or to be done and its estimated cost, and such board of supervisors must make an order, directing the commissioners who made the original assessment or other commissioners to be named in such order, to assess the amount of such estimated cost as a charge upon the property within the district, which assessment must be made, listed, filed and collected, in the same manner as the original assessment.

SEC. 44. In any action to determine the validity and effect of any assessment made by said commissioners, the list duly executed by said commissioners or a certified copy thereof, shall be prima facie evidence of matters therein contained, and that said commissioners were duly appointed and qualified, as required by law, and that they did view and assess upon the lands and other property set forth in said list, the charges therein contained, and that said charges are in proportion to the whole expense and benefits of which will result from the works of reclamation and irrigation for which said assessment is so levied.

SEC. 45. The commissioners appointed by the board shall hold office only for the purpose of making the assessment designated by the board of supervisors in their order of appointment, and they shall give a bond of one thousand dollars each for the faithful performance of their duties, which bond must be approved by a superior judge of the county in which the district was formed.

SEC. 46. When the list of the assessment provided for in this Act, or a certified copy thereof, shall be filed with the clerk of the county or counties in which the district is situated, each purchaser who has obtained title from the State of California to his land, under the provisions of the law for the sale of swamp and overflow lands by the State of California, must receive a credit thereon of eighty per cent of the amount so paid, unless said land has previously received such credit, and less any amount properly chargeable against him, and an order to that effect made by the trustees of the district, and approved by the board of supervisors of the county in which the district was formed, must authorize the tax collector of said county to allow such credit, against the charges assessed by the commissioners.

SEC. 47. The purchaser of any tract of land which may be unsold in any irrigation district, at the date of filing the by-laws, takes the same, subject to all the provisions of such by-laws, and the charges assessed in pursuance thereof.

SEC. 48. And such purchaser has all the rights and privileges enjoyed by the original petitioners, if he pays into the county treasury of the county in which the district was formed to the credit of said district, twenty per cent of the principal, one year's interest on the remaining eighty per cent of any charges assessed against

the lands so purchased and remaining unpaid, and each year thereafter shall continue to pay twenty per cent of the principal and interest on the remainder until the whole of said assessment or charges has been paid.

SEC. 49. Whenever the supervisors of any county in which any cienaga district has been formed under the provisions of this Act, certify to the register that the works of reclamation and irrigation are in progress upon the plan, in conformity with the requirements hereinbefore provided, the payment of interest by purchasers in such districts is suspended; but if the works are not completed and accepted within five years from the date of filing the petition, the interest for the whole time must be charged and collected by the register.

SEC. 50. Whenever the trustees certify under oath to the board of supervisors of the county in which the district was formed, and show to their satisfaction that the works of reclamation and irrigation are completed, or that two dollars in money per acre has been expended on the works of reclamation and irrigation, the board of supervisors must certify such facts to the register.

SEC. 51. The register must thereupon forward to the county clerk of said county a statement showing the names of purchasers of lands in the district who have paid in full therefor.

SEC. 52. The revenues of said district other than that received from the sale of water, power, franchises, etc., by the trustees of the district and approved by the board of supervisors of the county in which the district was formed, must be derived from a tax levied upon the taxable property of the district, as shown by the report of the commissioners appointed for that purpose, and the board of supervisors of the county wherein said district was formed, at the time of making the levy of taxes for county purposes, must levy a tax for that year upon the taxable property in such district, and in accordance with the report of the commissioners, sufficient to pay the interest which may become due on any bonds, or other indebtedness of said district during such year, and if any portion of the principal of said bonds or other indebtedness which shall become due during such year, then also an amount sufficient such portion of such principal, and such other charges against said district necessary to maintain or construct such works and conduct its business, less the amount estimated by the trustees to be derived from the sale of water, or from other sources under control of the board of trustees.

SEC. 53. All taxes so levied shall be computed and entered on the assessment roll of the county where such property may be situated by the county auditor, and collected by the tax collector, at the same time and in the same manner as State and county taxes, and when collected shall be paid into the county treasury for the use of said district.

SEC. 54. When such district is situated partially in different counties, the assessor of the county in which any portion of said district may be situated, shall, prior to the time when the board of supervisors meet to make the levy for county purposes in each year, certify to the board of supervisors of the county where such district was formed, a statement of the value of all taxable property of said district, situated in such county; and when such board of supervisors shall have determined the rate of taxation necessary to be levied upon said property, the clerk of said board of supervisors shall certify the same, under the seal of said board, to the auditor of any other county in which a portion of the district is situated, and such auditor shall thereupon compute the tax, and enter the same upon the assessment roll of said county.

SEC. 55. When any tax has been collected under any provisions of this Act, and placed in the treasury of any county other than the one in which said district was formed, the treasurer of such county must, within thirty days after receipt of the same, forward all money in such treasury belonging to the district to the county treasurer of the county in which the district was formed, who shall receive and receipt for the same and place such money in the treasury of such county to the credit of said district.

SEC. 56. No assessor, tax collector, treasurer, or clerk shall receive any fee for any services required to be performed by them under the provisions of this Act. All expenses necessarily incurred in carrying out the provisions of this Act shall be paid to the board of supervisors of the county incurring the expense for the benefit of said county by warrants of the district, in the same manner as other expenses of said district.

SEC. 57. If the owners of lands representing more than two thirds of any body of lands within any cienaga district formed under this Act, in which such lands have not been reclaimed and irrigated, and for which the trustees have made no provision for such reclamation and irrigation, desire to have such body of lands set over from said district, they must, in addition to the petition required for that purpose show to the board of supervisors of the county in which the district was formed, that said body of lands is capable of an independent mode of reclamation and irrigation, and that said body of land could not be reclaimed and irrigated according to the plans and specifications adopted by the board of trustees of the district and that such segregation would not endanger or delay, or otherwise interfere with, the work of irrigating and reclaiming the remainder of the district.

SEC. 58. For the purpose of determining the validity of any assessment made by the commissioners, the trustees of the district, or other persons interested, may

bring an action in accordance with Section 3493<sup>1</sup>/<sub>2</sub> of the Political Code of California, as though said cienaga district was formed under Section 3446 of said Code.

SEC. 59. Whenever, in the opinion of the board of trustees of any cienaga district formed under this Act, the cost of reclamation and irrigation according to the plans thereof will be too great to be raised by assessment as provided in this Act, to be paid within one year

SEC. 60. Said board of trustees shall order a special election to be held in said district, at some place or places designated by them, and at which said special election there shall be submitted to the voters of said district, the question of whether or not the bonds of said district shall be issued in amount necessary to construct said works of reclamation and irrigation, and which amount shall be estimated by said board of trustees and stated in the order for such election.

SEC. 61. Said election shall be called by the supervisors of the county in which the district was formed, upon the petition signed by at least two members of the board of trustees, and said election shall conform to the provisions of this Act, and the election laws of the State of California, and the question whether or not bonds of said district shall be issued in the amount named in the estimate and order of the board of trustees for reclaiming and irrigating the lands of said district shall be submitted to the voters thereof.

SEC. 62. The notice of such special election shall specify the time and place of holding such election, the amount of bonds proposed to be issued, and the names of the persons to act as the board or boards of election; the ballots shall contain the words "Bonds—Yes," and "Bonds—No."

SEC. 63. If a majority of the votes cast at such election are in favor of the bonds, the board of trustees of the district shall cause bonds in the amount stated in the order for election to be issued and placed in the custody of the treasurer of the county in which the district was formed.

SEC. 64. The treasurer of said county shall place the bonds pursuant to this Act to the credit of said district, and may at any time upon the order of the board of supervisors of such county sell any of said bonds for the best price obtainable therefor, but in no event for less than the face value of said bonds, and the accrued interest thereon. Any money derived from the sale of such bonds by said county treasurer shall be placed in the treasury to the credit of said district, and a proper record of such transaction be placed upon the books of such treasurer.

SEC. 65. Said bonds shall be of a denomination of not less than one hundred dollars, and not more than one thousand dollars each, shall be negotiable in form, signed by the board of trustees, and the chairman of the board of supervisors of said county, and attested by the clerk of said board of supervisors and the seal of such board of supervisors, shall be numbered consecutively as issued, and bear date at the time of their issue, and shall express on their face that they were issued by authority of this Act, stating its title and date of approval, and the date of election at which such issuance was authorized.

SEC. 66. The bonds shall bear interest at a rate not to exceed six per cent per annum, payable semi-annually on the first day of January and the first day of July in each year, at the office of the county treasurer of the county in which the district was formed, or some other place allowed by law, and to be approved by the board of supervisors of said county, and the superior judge or judges thereof, upon presentation of the proper coupons therefor.

SEC. 67. Coupons for such installment of interest shall be attached to said bonds, and shall be numbered, signed and attested in the same manner as the bonds.

SEC. 68. The principal of said bonds shall be paid as follows, to wit: Five per cent of the whole amount of the bonds issued, according to their consecutive numbers, shall be paid ten years from the date of their issue, at the place provided for their payment, and five per cent thereof each succeeding year thereafter until all are paid.

SEC. 69. When said bonds are issued in accordance with the provisions of this Act, they shall be deemed municipal bonds for all purposes mentioned in the Codes and statutes of this State. The principal and interest of said bonds shall be paid by revenue derived from a tax levied upon the assessable property of the district in accordance with the provisions of this Act.

SEC. 70. If any bond shall not be presented for payment when the bond becomes due it shall cease to draw interest; but if presented at such time, and not paid for the want of funds, the county treasurer shall so endorse it, and thereafter such bonds shall draw interest until paid at the rate specified therein.

SEC. 71. The board of trustees of said district may draw orders upon the county treasury of the county in which the district was formed, payable in bonds or money in proportion to the amount thereof, to pay for labor and services performed, for materials or property furnished to said district, for the purpose of constructing, repairing and maintaining the reclamation and irrigation works thereof, and the contingent expenses of said district, which order shall be approved by the board of supervisors of said county, and thereafter paid by said treasurer in the manner therein provided for, if such bonds then remaining in the treasury to the credit of the district be sufficient to pay the same.

#### SENATE BILLS—SECOND-READING FILE.

Senate Bill No. 1133—An Act to add a new section to the Political Code, to be known as Section 1665a, providing for the establishment and maintenance in cities of the first class of one or more public schools called cosmopolitan schools, in which shall be taught the French, Italian, and German languages, in connection with the English branches.

On motion of Mr. Sackett, the following amendment was withdrawn:

Amend by striking out of line 4, Section 1, of printed bill, the word "shall", and inserting in lieu thereof the word "may".

Bill read second time, and ordered on file for third reading.

## SPEAKER IN THE CHAIR.

## QUESTION OF PERSONAL PRIVILEGE.

Mr. Drew, rising to a question of personal privilege, spoke as follows:

MR. SPEAKER AND GENTLEMEN OF THE ASSEMBLY: The Record-Union of this morning has published an article that is so maliciously false that it scarcely deserves notice, and I should not now rise to a question of personal privilege were it not for the fact that certain statements are made therein in reference to myself and Senator Cartwright which may possibly be accepted, by my silence, as containing a color of truth.

At the time the Kings-Fresno County division bill was before the Assembly two years ago, I offered an amendment submitting the question of the transfer of territory from Fresno County to Kings County to a vote of the people. Mr. Maguire objected to the amendment here on the floor of the Assembly in an argument, on the ground that it would affect the validity of the proposed Act. I then stated that it was my opinion that the bill was unconstitutional and void, and that I proposed to take the question into the courts providing the bill passed. I also stated that my proposed amendment would not in any way affect its validity. I made that same statement both publicly and privately on all occasions when the bill was under consideration. At the close of the session, and immediately after the appointment of the commissioners to hold the election, I brought an injunction suit against the commissioners to prevent their holding the election. Senator Cartwright objected to this suit at the time, saying that he thought it would be better to leave it to the vote of the people and then, if Fresno County was beaten, we could take it into the courts and test the constitutionality of the Act. I replied then, and I say now, that I think such a course as that would have been unfair and unjust to the people interested, and it was upon that ground that I went ahead with the suit. The case went to the Supreme Court, and the constitutionality of the Act was upheld, as shown on page 405 of Volume 34 of the Supreme Court Decisions. The holding of the election under the law was then proceeded with and resulted, after a long, hard-fought battle, in favor of Fresno County. All of my acts were, and have been, open and aboveboard, not only here, but in the prosecution of the case, and I have never at any time, made any promise or obligation in any manner whatsoever, either express or implied, which I violated.

After the election, and the matter was settled, Senator Cartwright wrote me the following letter:

FRESNO, CAL., April 23, 1908

Hon. A. M. DREW, Fresno, Cal.

MY DEAR SIR: At the time of the commencement of the case of *Wheeler vs. The Commissioners*, in the county division contest, I was very much opposed to any action in court tending to delay or prevent the holding of an election by people of the district, for the reason that I believed such a course would prejudice us in the minds of the people of the district, and cost us many votes. However, now that the contest is past, and I have had a better opportunity to estimate the effect of the *Wheeler* case and the delay caused by the injunction proceedings commenced by you in that action, I have concluded that Fresno County gained more than she lost. The delay enabled us to organize our forces, and to fairly present our case to the people of the district.

I make this acknowledgment for the reason that I have heretofore been strongly inclined to criticize your course.

Yours very truly,

(Signed) G. W. CARTWRIGHT

This letter was written upon careful reflection and consideration of the whole situation, and I assure you it was somewhat of a surprise that the Senator should have attempted to make political capital out of any act of mine. I will leave it to this body, and the people of the State, if I have not acted throughout this whole controversy in the best of faith.

#### QUESTION OF PERSONAL PRIVILEGE.

Mr. Johnson of Sacramento rose to a question of personal privilege, and spoke as follows:

MR. SPEAKER. For the second time in a legislative career extending over nine sessions, I rise to a question of personal privilege. I do it at the request of the Hon. Henry N. Beatty of San Francisco, and further because Percy V. Long, the city attorney of San Francisco, has not acted in this matter as a man and a lawyer and a gentleman should have acted. At the session of the Judiciary Committee held last week, I do not remember the evening, at which, as I remember, seventeen members were present, among them Mr. Hammon, Mr. Hanlon, Mr. Kehoe, Mr. Butler, Mr. Irwin, Mr. Beatty, and others, the amendment to the Code of Civil Procedure regarding the right of eminent domain, which bill had been introduced by Mr. Beatty for the purpose of enabling the city and county of San Francisco to acquire what is known as the Hetch Hetchy water project was brought before the Judiciary Committee to hear argument, and for it to decide in reference to the legal phase of the matter. At that time I, as chairman of the Judiciary Committee, presided, as usual. The Hon. L. T. Hatfield of this city addressed the committee for over forty-five minutes in opposition to the bill; Mr. Percy V. Long, the city attorney of San Francisco, addressed us for a little longer time in favor of the bill. Some remarks were made by some of the members of the committee, and some discussion ensued in reference to a particular matter mentioned by Mr. Kehoe as to the meaning of the bill regarding the property to be condemned. After this I suggested, in the presence of all the members of the committee, seventeen being there, in the presence of Mr. Hatfield and Mr. Long, an amendment to the bill, which I said, in my judgment, would satisfy both sides. Mr. Long promptly said that that amendment satisfied him, and with that amendment to the bill he would be perfectly satisfied. Mr. Hatfield said with that amendment to the bill he would be satisfied, although he would prefer a more detailed amendment. The gentlemen of the Judiciary Committee that are here now will all bear me out in that statement. "Is it correct Mr. Kehoe?" "That is correct, Mr. Johnson," Mr. Kehoe here replied. "And Mr. Beatty?" "Yes, sir," replied Mr. Beatty. "And Mr. Butler?" "Yes, sir," replied Mr. Butler. The matter was done openly, the suggestion was made openly, my amendment was stated openly, and was accepted by both sides as the solution of a very difficult problem. Then it was agreed that Mr. Long and Mr. Beatty should meet me in the morning, and the amendment should be prepared, and that then I should report the bill to the Assembly, and recommend its passage as amended. The next morning Mr. Long and Mr. Beatty came to my desk, the three of us sat down together and prepared the amendment—I believe it is in my handwriting or Mr. Beatty's. I have forgotten which (Mr. Beatty: "It is in yours"), but it was written by all three of us. And pursuant to agreement, I reported the bill to the Assembly without further convening the Judiciary Committee, and recommended its passage as amended.

Judge, then, of my surprise when I read (although I ought not to have been surprised to read anything malicious, libelous, and false in this contemptible sheet) in this paper the following ("What paper?" inquired several members. "The San Francisco Call," replied Mr. Johnson). "Slips a joker in State water bill. Grove L. Johnson tried to nullify effect of measure, and has slipped a joker into the proposed bill to enable municipalities to acquire by condemnation the properties of water companies or other public service corporations. The measure, which was designed to give San Francisco, for one thing the machinery for taking over the Spring Valley plant, even if already 'in public use,' is amended by Johnson's proposal as follows: *Provided*, that the question of necessity for the taking of the particular property shall be submitted to the court or jury and shall not be precluded by this section." That is the amendment that was adopted.

Yesterday I called Mr. Beatty's attention to that article, and he stated to me, like the gentleman that he is, that he would arise to a question of personal privilege and explain the matter. We were occupied with business during the afternoon and he had not the time. This morning he came to me and said that he was going to rise to a question of personal privilege in reference to the remarks made by this same newspaper in reference to Judge Cook, and that, therefore, he did not wish to make two questions of personal privilege, and asked me if I would rise to a question of privilege and make a statement of the facts of this incident, and then he would say something in regard to it. I agreed so to do. That is one reason why I rise at this time. Besides, I expected that Percy V. Long through the columns of this paper or some other, would have contradicted that lie and would have explained the situation, and I am surprised that he did not—very much surprised. I make this statement now in order that you gentlemen may understand exactly the situation, and that you may know—know what I am confident you all know—that I do not slip jokers into anything, that when I fight for or against a measure I fight openly and aboveboard and in this room. I ask now as to whether my statement in regard to this matter is not actually and literally correct, Mr. Beatty?

Mr. Beatty: I wish to say that your statement of the fact is true, that it happened just as you stated.

And to all the other members of the Judiciary Committee—I have no doubt they all will say the same thing.

Mr. Hammon: Absolutely every one.

Mr. Hanlon: Mr. Speaker, I concur in the statement and want to add just one word: Mr. Johnson, I think, failed to state that Mr. Long agreed that that amendment satisfied him and that on the next day he would be in the city, and he would see that it was inserted in the bill.

Mr. Kehoe: I want to concur in the statements that have been made by Mr. Johnson, and I want further to say that during that discussion City Attorney Long took the position that the amendment that he was offering to this section of the Code of Civil Procedure accomplished the very thing that this amendment was sought to accomplish. There was a difference between the members of the Judiciary Committee as to whether or not such was the fact; some of them contended that without this amendment to the section there would be injustice done to some property owners. City Attorney Long, and I supported him in the contention, took the position that by adding this amendment to this section of the Code it made no change in the law whatever by putting this language in, in other words, it would be mere surplusage, by putting it in we were adding nothing to or detracting from the section. This language that is now objected to as a joker was put in there with the consent of the entire committee and with the consent of Mr. Long.

Mr. Irwin: As a member of that Judiciary Committee who was present, I concur in the statement of Mr. Johnson. I don't care what anybody says about Mr. Johnson—he's O. K. all the time.

Mr. Johnson: Mr. Speaker, I ask that these remarks of mine may be printed in the Journal.

So ordered by the Speaker.

WHEREAS, It is deemed desirable to separate the sources of revenue for State purposes from the sources of revenue for county and municipal purposes; now, therefore,

The Legislature of the State of California, at its regular session, commencing on the fourth day of January, nineteen hundred and nine, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendment to the Constitution of the State of California:

First. There is hereby added to article thirteen a new section, to be numbered fourteen, and to read as follows:

Section 14 Taxes levied, assessed and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties; sleeping car, dining car, drawing room car and palace car companies, refrigerator, oil, stock, fruit, and other car-loading and other car companies operating upon railroads in this State; companies doing express business on any railroad, steamboat, vessel or stage line in this State, telegraph companies, telephone companies; companies engaged in the transmission or sale of gas or electricity; insurance companies, banks, banking associations, savings and loan societies, and trust companies; and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for State purposes, and shall be levied, assessed and collected in the

manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-loading and other car companies, operating upon the railroads in this State; all companies doing express business on any railroad, steamboat, vessel or stage line in this State; all telegraph and telephone companies, and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property, or any part thereof, used exclusively in the operation of their business in this State, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this State. When such companies are operating partly within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion, based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent. on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit and other car-loading and other companies, three per cent. on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent. on all telegraph and telephone companies, three and one-half per cent. on all companies engaged in the transmission or sale of gas or electricity, four per cent. Such taxes shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property above enumerated of such companies except as otherwise in this section provided, *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by the municipal authorities of this State.

(b) Every insurance company or association doing business in this State shall annually pay to the State a tax of one and one half per cent upon the amount of gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State; *provided*, that there shall be deducted from said one and one-half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate and except as otherwise in this section provided; *provided*, that when by the laws of any other State or county, any taxes, dues, penalties, licenses, fees, deposits of money, or securities, or other obligations or prohibitions, are imposed on insurance companies of this State, doing business in such State or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of securities, or other obligations or prohibitions, imposed upon insurance companies such other State or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other State or country doing business in this State.

(c) The shares of capital stock of all banks, organized under the laws of this State, or of the United States, or of any other State and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization in the manner to be prescribed by law, in the city or town where the bank is located, and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State which has no shares of capital stock, or employed in this State by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks

or bankers by the said board of equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus, and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by them, which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

(d) All franchises, other than those expressly provided for in this section shall be assessed at their actual cash value, in the manner to be provided by law and shall be taxed at the rate of one per centum each year, and the taxes so collected thereon shall be exclusively for the benefit of the State.

In the event that the above named revenues are at any time deemed insufficient to meet the annual expenditures of the State including the above named expenditures for educational purposes, there may be levied, in the manner to be provided by law, an ad valorem tax, for State purposes, on all the property in the State including the classes of property enumerated in this section, sufficient to meet the deficiency. All property enumerated in this section shall be subject to taxation, in the manner provided by law, to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township, or district, before the adoption of this section.

(f) All the provisions of this section shall be self-executing, and the Legislature shall pass all laws necessary to carry this section into effect, and shall provide for a valuation and assessment of the property enumerated in this section, and shall prescribe the duties of the State Board of Equalization and any other officers in connection with the administration thereof. The rates of taxation fixed in this section shall remain in force until changed by the Legislature, two thirds of all the members elected to each of the two houses voting in favor thereof.

The taxes herein provided for shall become a lien on the first Monday in March of each year after the adoption of this section and shall become due and payable on the first Monday in July thereafter. The gross receipts and gross premiums herein mentioned shall be computed for the thirty-first day of December prior to the levy of such taxes, and the value of any property mentioned herein shall be fixed as of the first Monday in March. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section, and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature. Until the year 1918 the State shall reimburse San Bernardino and Placer counties for the net loss in county revenue occasioned by the withdrawal of railroad property from county taxation.

(g) No injunction shall ever issue in any suit, action or proceeding in any court against this State or against any officer thereof to prevent or enjoin the collection of any tax levied under the provisions of this section until such tax has been actually paid; but after such payment action may be maintained to recover any tax illegally collected in such manner, and at such time as may now or hereafter be provided by law.

J. N. GILLET.

Governor of the State of California

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, March 15, 1909

*To the Honorable Assembly of the State of California:*

I have the honor to return herewith Assembly Bill No. 592, entitled "An Act to amend an Act entitled 'An Act relating to the commitments to the State School at Whittier and to the Preston School of Industry: fixing the authority to examine and commit to such schools with the superior court judges of the counties, and fixing the responsibilities from which commitments are made to the State for maintenance of the persons committed therefrom, providing for the manner of payment thereof, and fixing the responsibility of the parents to the counties from which their children are committed,'" approved March 26 1895, without my approval, for the following reasons:

This is an Act relating to commitments to the Whittier State School and the Preston School of Industry. The present law requires each county to pay \$132 per annum for each inmate sent from such county. This rule was established so that each county should pay in proportion to the demands made by such county. The imposition of this expense upon a county has resulted in judges using greater care in ordering commitments to these institutions. This restraining influence has been most salutary, and has prevented much abuse of discretion in placing children in these institutions. I do not consider it wise, especially in view of the crowded condition of these institutions, to enact laws which will remove this safeguard in any degree.

Further, an amendment of this character, which enables a court to determine the legal residence of a child to be without the county from which the commitment is made, thereby releasing the county from payment, would undoubtedly result in a considerable loss to the State. If the county were not responsible, no effort would be made for the collection of moneys from the parent or guardian of such minor as provided in section one of said Act. It is even very doubtful whether there would be any obligation to pay the same by a parent or guardian, for the entire Act is founded upon the primary obligation of the county to pay the State, reimbursing itself by collections made from parent or guardian.

J. N. GILLET.

#### MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.  
SACRAMENTO, March 19, 1909.

*To the Assembly of the State of California:*

I have the honor to return herewith Assembly Bill No. 722—An Act to amend an Act entitled "An Act to regulate the practice of optometry, and for the appointment of a Board of Examiners in the matter of said regulation," approved March 20, 1908, by amending sections one, two, five, eight, eleven, twelve, thirteen, fifteen, and sixteen thereof, without my approval, for the following reasons.

This is an Act to amend an Act regulating the practice of optometry in the State of California.

Under section one of this Act, in the definition as to those who shall be considered as practicing optometry, are included those "who shall employ any means for the measure of the powers of vision or adaption of lenses for the aid thereof, or who shall in the sale of spectacles, or eyeglasses or lenses use in the testing of the eyes therefor, lenses other than the lenses actually sold, or who shall in the sale of spectacles or eyeglasses or lenses, use in fitting the eye or eyes with proper lenses, any trial lenses or frame, or both." In other words a person is not considered as practicing optometry who merely sells eyeglasses by trial of the eyeglasses themselves, but if he uses any additional lenses, or additional or better means of securing a more perfect fit, then he shall be considered as a practitioner of optometry, and must conform to all the regulations prescribed.

This seems to me to be altogether wrong. A person should be considered an optician within the meaning of this Act who, for the purpose of supplying his customer with a lens better suited to his eyesight, should use an additional lens to that actually sold. By giving this Act a strict construction, it could be determined that if a person selling glasses fails to fit the eyes in the first attempt, he would be deprived of making a second attempt, for he would be then using lenses other than the lenses actually sold.

A further objection to the bill is contained in the amendment of section sixteen, which provides that nothing in this Act shall be construed to apply \* \* \* to persons who sell spectacles or eyeglasses or lenses as merchandise, *provided however*, that if such person who sells spectacles or eyeglasses or lenses as merchandise has not obtained a certificate of registration from the said board as heretofore provided, he must procure from said board an annual license to sell said spectacles or eyeglasses or lenses, for which license the board shall collect an annual fee of \$2.00. My objections to this provision are

First It attempts to impose a license tax upon those whom the Act specifically says shall not be included within its provisions.

Second It gives to every optician the opportunity to obtain from the State board a license for \$2.00, and then, when charged with practicing optometry, they are enabled to produce this license and escape conviction on the plea that they were not practicing optometry, but simply selling the spectacles or eyeglasses or lenses as merchandise

This matter has been taken up with the author of this bill, and I understand there is now a bill in the Legislature designed to correct these matters to which I have taken exception.

Respectfully,

J. N. GILLET,  
Governor of the State of California.

GOVERNOR'S VETO SUSTAINED.

The question being put: "Shall the bill become a law notwithstanding the veto of the Governor?"

The roll was called, and the veto of the Governor sustained by the following vote:

AYES—None

NOES—Messrs. Barndollar, Baxter, Beardslee, Beatty, Bohnett, Butler, Cattell, Cogswell, Collier, Collum, Costar, Cronin, Drew, Flavalle, Fleisher, Flint, Gerdes, Gillis, Griffiths, Hammon, Hans, Hayes, Holmquist, Irwin, Johnson of Sacramento, Johnson of San Diego, Johnson of Placer, Kehoe, Leeds, Lightner, Maher, McManus, Melrose, Mendenhall, Moore, Mott, Nelson, Otis, O'Neill, Perine, Polsley, Preston, Pulcifer, Rech, Rutherford, Silver, and Mr. Speaker—47.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, March 19, 1909

*To the Assembly of the State of California*

I have the honor to return herewith Assembly Bill No. 446—An Act to amend Section 8 of an Act entitled "An Act to create a State Bureau of Criminal Identification, providing for the appointment of a director of said bureau, defining his duties, qualifications and power, providing for the appointment of a clerk of said bureau, and fixing his qualifications, fixing the compensation of said director and clerk, providing for the manner of paying the same, and providing for the expenses of conducting the office, approved March 20, 1905"—without my approval for the following reasons:

This is an Act to amend Section 8 of an Act to create a State Bureau of Criminal Identification, approved March 20, 1905. The change that is made in this section is by striking out the last sentence as follows: "The State Board of Prison Directors are hereby directed to provide office room and furniture, stationery, and necessary clerical assistance, and all other things which in their judgment are necessary to properly conduct said bureau, to be paid for pro rata out of the current expense funds of the penal institutions under the control of such prison directors." No change is made in the director's salary, but the same remains in the amendment as in the present section, at \$1,800.00 a year.

Under the Act establishing this bureau, the director is appointed by the Board of Prison Directors, and his term is during the pleasure of the board. His duties are necessarily closely allied to those relating to prison matters, and I can see no good object to be gained by releasing the State Board of Prison Directors from providing him with office room and furniture, stationery, and clerical assistance and such other things as in their judgment are necessary to properly conduct such bureau.

The director, at present, has office room and furniture assigned him by the State Board of Prison Directors, and if it is necessary for him to have further clerical assistance, or any other things necessary to properly conduct his office, that can be, and ought to be, supplied him by the State Board of Prison Directors.

Respectfully,

J. N. GILLET,   
Governor of the State of California.

The question being put: "Shall the bill become a law notwithstanding the veto of the Governor?"

The roll was called, and the veto of the Governor sustained by the following vote:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, March 19, 1909

*To the Assembly of the State of California*

I have the honor to return herewith Assembly Bill No. 75—An Act to add a new section to the Penal Code, to be numbered 271b, making it a misdemeanor for any person who shall fail to endeavor in good faith to earn or otherwise provide, when able to do so money with which to pay, or who fails to pay, whenever and so far as able, any allowance made by the court and directed to be paid by him to the wife for her support, or for the maintenance of any minor child or children of the marriage in any action of divorce, during the pendency of the action, at the final hearing, or at any time thereafter, and provides a penalty for such failure—without my approval for the following reasons:

This Act provides for the trial and punishment, in an independent criminal action, for a failure to pay alimony. Under the power inherent in courts to punish for contempt, the remedy for a violation of the court's order to pay alimony is full and adequate. Under contempt proceedings the hearing is had before the court making the

order. Under the proposed legislation a defendant could be tried in any court of competent jurisdiction, by filing a complaint in an inferior court, holding a preliminary examination, filing an information, and trying him before a jury in the Superior Court. His trial might or might not be before the judge who made the order. Under contempt proceedings the judge has a right to hear all the facts connected with the alleged violation of its order and determine whether such order has been violated in fact, and may modify its previous order.

Upon a trial before a jury none of these things can be done. It is possible in contempt proceedings, and a trial upon the misdemeanor charge might be had concurrently.

It has been held that where a person has been adjudged guilty of contempt such judgment is a bar to the subsequent conviction for the commission of a misdemeanor involving the same act. If the converse of this were true, that a judgment of conviction of misdemeanor would bar the court from proceedings to punish for contempt, it would frequently happen that a Superior Court would be deprived of using this most effective means of compelling obedience to its orders.

So long as the remedy at present is adequate, it is my opinion the law should be left as it is, rather than cause confusion by legislation establishing a different course of procedure.

Respectfully,

J. N. GILLET,   
Governor of the State of California

Also:

ASSEMBLY CHAMBER, SACRAMENTO, March 22, 1909.

MR SPEAKER Your committee appointed to present resolutions relative to the death of Hon E M Pyle beg leave to report as follows:

IN MEMORIAM.

Elbert Madison Pyle, who passed into eternity last summer, represented Santa Barbara County in the Assembly of California for three full terms, viz.: the thirty-fifth, thirty-sixth, and thirty-seventh sessions and the extra sessions thereof.

During those six years he endeared himself to all with whom he came in contact by his plain, unassuming manner, his undeviating devotion to public business, and his unwavering adherence to the right as he understood it.

All his associate members came to rely upon his judgment and to defer to his suggestions in matters of legislation.

He was always kind and pleasant, and though at times severely suffering from painful sickness, he never lost his courage or changed his polite consideration for his fellow members.

His popularity at home was evidenced by the fact that at each succeeding election his majority was increased. Had he lived he would undoubtedly have been returned for the fourth term as a member of the California Legislature.

His death has removed from our State a good man, a consistent friend, a wise citizen, a prudent counselor, a faithful public servant, and a man upon whom the people depended for, and from whom they received, good precept and example.

In token of our esteem for our brother member taken from us, the Assembly of California does hereby adopt this memoriam, and does direct that it be spread upon our records, and that a copy suitably engrossed, and framed and attested, be forwarded to the family of the deceased.

#### SENATE JOINT RESOLUTION No. 19,

Relative to maintaining without reduction the present tariff on lumber imported into the United States from any foreign country.

WHEREAS, The manufacture of lumber has become one of the leading industries of the State of California, giving direct employment to over 30,000 laboring men and adding each year to the output of the State 1,500,000,000 feet of lumber valued at over \$23,000,000 at the place of production, all of which must be loaded on train or boat for shipment to the markets of the world, thus making business for and providing revenues to the great transportation companies which are developing the resources of a State which is a veritable empire in territory and natural wealth;

WHEREAS, The plants of the lumber manufacturers which are scattered throughout northern California, in the valuable redwood belt which covers the hills of the coast counties and in the great pine forests which spread over the slopes of the Sierras, make up in value a great part of the taxable property of State and county, and produce revenues for governmental purposes which can not be derived from other sources,

WHEREAS, There are vast and practically inexhaustible forests of pine waiting to be cut in British Columbia and other provinces of the Dominion of Canada, where the price of stumpage is at a minimum and the price of labor due to cheap labor competition and the decreased cost of living is far below the scale of wages paid to the American logger and millhand,

WHEREAS, Lumber manufactured in California and the great producing states of Oregon and Washington can not successfully compete with lumber coming from without the United States, where the cost of production has been materially decreased;

WHEREAS, We view with alarm any reduction by Congress from the present tariff on lumber imported into the United States, believing that any such reduction will injuriously affect the condition of employer and employee alike and seriously hamper an industry, the successful carrying on of which means so much to the prosperity of a State renowned for its great natural wealth; be it

*Resolved by the Senate and Assembly jointly,* That we respectfully urge the Congress of the United States to maintain without reduction the present tariff on lumber imported into the United States from any foreign country; be it further

*Resolved,* That our Senators in Congress be instructed, and our Representatives requested, to use all honorable means to carry out the foregoing recommendation and request; be it further

*Resolved,* That the Governor of California be, and he is hereby, directed to transmit a certified copy of these resolutions to the President and Speaker, respectively, of the Senate and House of Representatives of the United States, and to each of our Senators and Representatives in Congress.

Senate Joint Resolution No. 19 read, adopted, and ordered transmitted to the Senate.

#### COMMITTEE SUBSTITUTE FOR SENATE JOINT RESOLUTIONS NOS 6, 7, 11 AND 17.

WHEREAS, The progress, happiness and prosperity of the people of a nation depend upon a homogeneous population;

WHEREAS, The influx from the overpopulated nations of Asia, of people who are unsuited for American citizenship or for assimilation with the Caucasian race, has resulted and will result in lowering the American standard of life and the dignity and wage-earning capacity of American labor;

WHEREAS, The exclusion of Chinese laborers, under the existing exclusion laws of the United States, has tended to preserve the economic and social welfare of the people;

WHEREAS, We view with alarm any proposed repeal of such exclusion laws and the substituting thereof of general laws,

WHEREAS, The interest of California can best be safeguarded by the retention of said exclusion laws and by extending their terms and provisions to other Asiatic people,

WHEREAS, The people of the Eastern States, and the United States generally, have an

erroneous impression as to the real sentiment of the people of the Pacific coast relative to the Asiatic question;

WHEREAS, We think it right and proper that the people of this country should be advised as to our true position on that question; therefore, be it

*Resolved by the Senate and Assembly jointly*, That we respectfully urge the congress of the United States to maintain intact the present Chinese exclusion laws, and instead of taking any action looking to the repeal of said exclusion laws, to extend the terms and provisions thereof so as to apply to and include all Asiatics;

*Resolved*, That our Senators be instructed and Representatives in Congress requested to use all honorable means to carry out the foregoing recommendation and requests;

*Resolved*, That the Governor of California be, and he is, directed to transmit a certified copy of these resolutions to the President and Speaker, respectively, of the Senate and House of Representatives of the United States, and to each of our Senators and Representatives in Congress.

Senate joint resolution read, adopted, and ordered transmitted to the Senate.

SENATE JOINT RESOLUTION No. 22,

Relative to a proposed Federal collateral inheritance tax.

WHEREAS, The new revenue bill reported by the Ways and Means Committee of the United States House of Representatives contains provisions for an inheritance tax, to be both collateral and direct; and

WHEREAS, More than thirty states now have inheritance tax laws, and among this number is the State of California, which will this year receive from this source about one million dollars; and

WHEREAS, For state governments and the Federal Government to depend for revenue upon the same subjects of taxation is not in accordance with sound financial principles, while the double taxation of inheritances would be burdensome and unjust to the persons who must pay the taxes, therefore, be it

*Resolved by the Senate and Assembly of the State of California, concurring jointly*, That it would be inexpedient for the Federal Government to impose inheritance taxes at this time, and that such action would be unfair to California and other states which already tax inheritances; and be it further

*Resolved*, That our Senators and Representatives in Congress be requested to oppose this feature of the pending tariff bill and to endeavor to have it stricken from the measure; and be it further

*Resolved*, That the Secretary of the Senate mail copies of these resolutions to our Senators and Congressmen.

Senate joint resolution read, adopted, and ordered transmitted to the Senate.

#### PARTING GREETING.

*To the California Legislature, Thirty-eighth Session, Senate and Assembly*

GENTLEMEN: The editor, etc., of The Labor Knight, takes this method of thanking you for the kindness, courtesy and generous treatment accorded to himself by every member, official, attaché, and also by the boys of the official press, as well as State officials and employees of the State Capitol. And while my vanity is great, it is well known to myself, as others, that it is chiefly for the cause championed by my perambulating paper—LABOR—which, "being before capital," as the ever enduring Lincoln once said, "is entitled to higher consideration," still, as an evidence of my own personal appreciation (as well as in the name of organized labor which my honorary union card of P.

D and P of A. entitles me to do), to all of all named and to the people of the State, I have worked overtime to show it, in modeling two bas-reliefs—of this Legislature—in the concrete—one of Mr. President of the Senate, Lieutenant Governor Warren R. Porter; and one of Mr. Speaker, Hon. Philip A. Stanton, and these evidences of my labor of love and esteem, are now placed on their respective desks, and, if you choose, in some way best suited to yourselves, to accept the same as a freewill gift, to be placed with the other bas-reliefs of Washington, Lincoln, Roosevelt and Governor Gillett, already voted by your honorable bodies into the State Library forever, these, too, will be so placed by myself.

Sincerely,

CARL BROWNE,

The man who did not get on the grass this time.

Mr. Transue moved that the communication be printed in the Journal, and that the gift be accepted and placed in the State Library.

Motion carried.

#### REPORT OF STANDING COMMITTEE.

The following report of standing committee was received and read:

siding over the Assembly, and presented him with a case of beautiful silverware as a token of the esteem and good will in which he was held by the members of the Assembly.

#### ADDRESS BY THE SPEAKER

The Speaker responded as follows:

*My Fellow Members.* When on the first day of the present session you elected me to the high office which I have since filled, I said to you then that it should be my effort to preside with absolute impartiality and fairness, and to give you as near as I knew how a strictly business administration. How well I have kept that pledge is for you to judge. When after an eighty-day session of this body, one of the longest in the history of the State, we are now about to separate and depart to our respective homes, we do so in a spirit of good fellowship, with absolutely no feelings other than those of personal good will each to the others. I am satisfied that however you might have differed in your views with those of your Speaker, nevertheless I feel and believe that you fully thought that we each arrived at our different conclusions in a spirit of both honesty and fairness, having but one object in view, to do those things which we thought were for the best interests of our State. And when these different views were adjusted, as all matters must be adjusted, by the will and by the votes of the majority, we each and all of us acquiesced in their judgment, and abided by it. Thus on this last day of the session I bid you farewell, with but the kindest feelings towards each and all of you, Democrat and Republican alike. You have all shown to your Speaker that degree of courtesy and of deference which the Chair has a right to expect and which, in this instance, he so highly regards coming from such a high class body of men as has constituted the present Assembly. It is generally conceded by both the press and the public that the present Legislature is one of the best in the history of the State, and, in my opinion, to be able to say in the future that you have been a member of the present Legislature is, indeed, in itself a high honor, and to have presided over the deliberations of this body is a still higher one.

In taking leave of you to-day I also give a last farewell to this Chamber, where I have served for so many years, and where the memories surrounding the many contests in which I have engaged are the fondest and most pleasant. It is my hope and wish that this is my last appearance in public life,—for while I have enjoyed the strenuousness attached to the office I have filled, yet I feel that I have done my full duty to the people of the State, and that I am now justly entitled to retire. In bidding farewell to public life I do so with a feeling of relief, but nevertheless with some feelings of regret. I have made many warm and lasting friendships, and in the future I will look back upon the days spent in this hall as among the most interesting and enjoyable in my life, and I feel that my constituents and the people of the State understand and believe that in my entire public career I have been actuated with but one thought, and that was to do those things which, in my judgment I thought to be right, and regardless of criticism either public or private, I have adhered strictly to that rule. And now in retrospect, in looking back over my legislative career, I find no reason to regret the course I have taken upon any public question, nor have I any apologies to make for any vote of mine upon any public measure.

This session of the Legislature has proved to be a most strenuous one and to me unexpectedly so. Had I known the great responsibilities that were to rest upon my shoulders I would have hesitated long before accepting the Speakership. In all of the issues, however, that have confronted us, they have been met fairly and squarely without equivocation of any kind; and how they have been solved is a matter of history. Many measures of the utmost importance have been enacted into law. The first of importance to engross our attention was the anti-race track bill. The people demanded the enactment of this into a law and the Legislature responded promptly. The next great issue was the so-called "anti-Japanese bill," which attracted the attention of the national administration and the world at large. Had these bills been enacted into laws serious international complications would have arisen which would have embarrassed both our national and state governments. The Legislature responded to the appeal of the national administration and refused to pass these measures, and in lieu thereof we have gone on record by resolutions expressing the desire of the people of the Pacific coast that exclusion laws be extended so as to include all Asiatics. This sentiment, I believe, is well nigh universal on this coast, and in my judgment will be heeded not only by the national administration but by the governments of the far East, and thus in a rational, safe and sane manner, will the desires of the people be accomplished.

Another measure of importance is the new code of laws regarding the banking system of the State. This, when put into force, and properly executed, will, in my judgment, do more to rejuvenate the financial condition throughout California than any other one or all of the measures passed by this body. It will compel each and every bank in the state to do business along strictly business lines. It guarantees to the depositor a safety of investment of his money heretofore unknown, and when the workings of these new laws are thoroughly understood money will pour out of its hiding places into the banks and through them into legitimate channels of trade, failures of banking institutions will be unknown, and losses to depositors unheard of.

We have enacted a railroad rate bill which will give to the shippers of the State the relief which they have long sought. We have agreed to a reciprocal demurrage bill, which will aid along those lines.

We will again submit to the people a constitutional amendment providing for a separate and distinct system of State taxation. We have passed a standard form of fire insurance policy which will leave no questions for adjustment between the insurer and the uninsured. We have added many important amendments to our pure food laws. We have added new and humane rules for the government of our penitentiaries. We will submit to the people a plan for the building of State roads on a scale unknown and unheard of in other states in the Union, and bills providing for immense improvements in the harbor and bay of San Francisco. We have also passed other measures placing different departments of the State upon a better business basis and have appropriated millions for the care of the afflicted in our asylums. We have also passed educational laws which will elevate and improve our entire school system in all of its departments.

Labor has also received consideration at our hands, and many laws to protect the laboring man have been passed by practically unanimous vote.

And as a last important act of the session, we have passed a direct primary bill which, when understood and digested, by the electorate of the State, will prove to be the very best law of its kind in existence in any state in the Union. It is impossible for me at this time to enumerate except briefly the many matters coming before us, but I do believe that when in retrospect the press and the public look back over this session and digest the work accomplished they will have absolutely no cause to complain of any measure which has been passed by this legislature, and met with the approval of the Governor, and nothing irrational or illogical will have found a place upon our statute books. When they consider the fact that approximately two thousand new measures have been before us for consideration, this feat in itself is most remarkable; and to me and to you it should be a source of sincere congratulation that our work has been so successful.

In conclusion, permit me to say to you, first to our friends, the Democracy, that while I deprecate the fact that there are any Democrats in the Legislature, still, if we must have them, give us the kind that have served with us in this Assembly, for while they were partisans, and justly so, nevertheless they have been as citizens of California, legislating solely with a view of accomplishing the greatest good to the greatest number, and to the majority let me say that if we must have factions within our party, which I also deprecate, let us have men in those factions of the same calibre and character of those who have served in this session, for they too have been actuated solely with a desire to do those things which in their judgment were best for the State.

I believe that the Republican party can safely go into the campaign of next year and before the people with a clear certificate of character, and with a clean bill of health; and the people will make no mistake in continuing this party in control of all the departments of the State.

Again permit me to express to you my high appreciation of the extreme courtesy and consideration I have received at your hands, and permit me to reiterate the statement made by me in my address on the first day of this session, to wit, that the acquaintances so begun will develop into lasting and endearing friendships.

#### COMMITTEE FROM THE SENATE.

A committee from the Senate, consisting of Senators Welch, Caminetti, and Kennedy, appeared before the bar of the House and stated that the Senate had completed its labors and was ready to adjourn, and desired to know if the Assembly had any further communication to make to the Senate.

#### SPEAKER'S REPLY.

#### REMARKS OF CHAPLAIN.

Upon invitation, the Chaplain, Rev. Seren N. Marsh, addressed the Assembly as follows:

*Mr. Speaker, and Gentlemen of the Thirty-eighth Assembly of the State of California*

At the time of my election to the Chaplaincy of your body I was not accorded the privilege of thanking you for the distinguished honor you had conferred upon me. With all my heart I now return to you my sincere gratitude.

It is becoming that we should acknowledge the clemency of divine love which has been extended to us. There has been no interruption in our proceedings, and we have been enabled to carry forward the work of the State.

On the 21st day of this month the angel of death visited the home of the beloved Assemblyman of the Fifty-ninth District, the Hon. John J. Wyatt, relieving him of the pains and sufferings incident to our earth life. Proper action has been taken by this body with reference to his memory.

I desire especially to be grateful to my loving Father in heaven, who has enabled me to meet all the obligations which have rested upon me. Never have I been absent on any occasion, and never late.

As your spiritual counselor and overseer I have endeavored to walk worthily before you, that I might to some extent elevate you to a higher plane of life. On bended knees in my chamber, both morning and night, I have borne this Assembly upon the pinions of prayer before the "Great White Throne." I have come to love you all. You have shown me brotherly kindness on all occasions, and not one of you has at any time wounded my feelings. I sincerely trust that the Great Jehovah will hear my prayer, and bring you all in His own best time to the inheritance of eternal life.

As to myself, I have placed my hand in the hand of my loving Father, and fully expect Him to lead me step by step to the end of my journey.

Wishing you a safe transit to your respective homes, and trusting that we shall all meet in the "general assembly and church of the first born," I bid you a most tender and loving farewell.

#### APPOINTMENT OF COMMITTEE.

The Speaker announced the appointment of Messrs. Transue, Beardslee, Leeds, Hewitt, McManus, McClellan, and Schmitt as a committee to represent the State of California at the Alaska-Yukon Exposition at Seattle, in conformity with Assembly Concurrent Resolution No. 5.

#### RESOLUTION.

The following resolution was offered by Mr. Johnson of Sacramento:

#### IN MEMORIAM.

In the death of Hon. J. J. Wyatt the State of California has been deprived of the services of a public servant whose every aim was to improve the laws and advance the interests of our commonwealth. The county of Monterey, that he honored by his residence and that honored him by successive reelection to this Assembly, has lost a citizen whose life was free from reproach, and whose example was ever inciting his friends and neighbors to do the right at all times.

We who were associated with him in the Assembly have felt most keenly his absence from our midst, because we had come in the past to rely upon his great ability, his innate honesty, and his keen perception of the necessities and proper bearing of each receiving proposition presented to the Legislature for decision, and to feel that when John J. Wyatt stated the law of the case we could safely follow his decision, knowing that good would result therefrom.

He has been taken from life in the prime of youthful manhood, and we regret that a career so full of promise of usefulness has been so suddenly terminated. As a slight token of our regard for our departed member and friend we adopt this memorial, and do

*Resolved*, That we will attend the funeral of Hon. J. J. Wyatt in a body,

*Resolved further*, That this memorial and resolutions be printed in the Journal, and that a copy, duly engrossed, attested, and framed, be forwarded to the family of deceased.

and that a warrant be drawn, in favor of Chio Lloyd, upon the State Treasurer by the State Controller in the sum of \$125, and the State Treasurer be and he is hereby directed to pay the same, the same to be used in defraying the expense thereof.

Mr. Johnson of Sacramento moved the adoption of the resolution.

The roll was called, and resolution adopted by the following vote:

AYES—Messrs Barndollar, Baxter, Beardslee, Black, Cattell, Cogswell, Collum, Costar, Dean, Drew, Feeley, Flavelle, Fleisher, Flint, Gerdes, Gibbons, Greer, Griffiths, Hammon, Hans, Hawk, Hinkle, Johnson of Sacramento, Johnson of San Diego, Johnson of Placer, Juilliard, Leeds, Macauley, Maher, McLellan, Melrose, Mendenhall, Moore, Mott, Odom, Perme, Pulcifer, Rech, Rutherford, Sackett, Schmitt, Transue, Wagner, Webber, Wheeler, Whitney, Wilson, and Young—48.

NOES—None.
